A RETURN TO ELEGANCE

The New Hemingway Bedroom from Neville Johnson

Inspired by a bygone era, the smart Hemingway bedroom represents handcrafted cabinetry at its best. The sophisticated storage concept, designed to provide a home for even the smallest and most fragile of accessories, is created using hand selected veneers stitched together with the utmost care.

The attention to detail is astonishing, with unique cabinets designed for the individual needs of both ladies and gentlemen. Discover solid wood lingerie drawers with aromatic Cedar of Lebanon to keep moths away, deep adjustable drawers to store handbags and rucksacks, and shoe racks characteristic of the finest boutiques. Even the solid hand-turned trinket shelves, tie racks and jewellery hooks emulate the soft shapes that feature on the doors.

For the ladies...

Tidying away clothes and accessories will be almost as fun as dressing up in them. From full length ball gowns to the most delicate of silk scarves, all will be kept safe and organised. You can even declutter your bathroom, as there are compartments which are perfect for cosmetics.

For the gentlemen...

Finally, an end to lost cuff links and belts and ties strewn to the back of the wardrobe; with the Hemingway bedroom you will instantly feel more organised and in control. There is also hidden storage for especially valuable items.

The design is made as a completely bespoke offering to suit your individual requirements and specifications. It is available in a rich walnut, soft oak or light maple finish and you can choose either mirror or glass in the paneling.

Another consideration for the ladies is a matching Dressing table and Stool, available in a wide range of woods. The solid, chic design has a drawer under the table and two further drawers on the surface for easy-to-reach accessories. A smart oval mirror sits neatly at the centre of the table, completing the refined look.

The Hemingway Bedroom is available from £5,000. To arrange a free consultation with a Neville Johnson designer, or to receive a brochure, please call 0161 873 8333.
